REFUND POLICY

ScoopCity provides you with quality deals in your city and we can vouch for the quality of the outlets featured on ScoopCity.com. However, we are not responsible for the service you receive at the outlet. All of our Partners are briefed on the importance of ScoopCitizens to their business prior to your arrival but we are not accountable for any misunderstandings that may occur.

We ask you to carefully read all the terms and conditions about the deal before redeeming your voucher as we will not refund vouchers for any purpose other than extreme cases (Merchant closed or is not honouring the vouchers). It is also important that you understand where you are going and the quality of the place you are attending in order to minimize confusion. Please note, should a refund be valid, it will be given in the form of ScoopCity credit and not cash.

We work with our quality Partners to bring you the best possible offers, packages and new experiences. In case you cannot use your voucher, you can always give it away as a gift (unless the Terms & Conditions specifies otherwise). Once the voucher expires it is the responsibility of the buyer to bare the cost as we don't do refunds.

If you have been disappointed by a service received at one of our Partners (although we doubt it very much!), please let us know as soon as possible by emailing at info@scoopcity.com or call us on 01- 66 25 45.
